

**Alexis Ladner**

**Target Care Coordinator, Community Based Services Supervisor**

Alexis graduated from Assumption College with a degree in Human Services and Rehabilitation Studies. From there she spent four years working as a Social Worker for the Massachusetts Department of Children and Families. During this time Alexis gained the experience of working with a diverse population including at-risk youth and families.

She feels that it is important to help clients form supports by assisting them in creating positive and healthy connections at home and in the community. She is dedicated to collaborating with individuals to identify their goals and work together to achieve long-term successes.

In her free time, Alexis looks forward to finding new things to do and places to explore. She appreciates being able to spend time with her friends and family.
